

## **Storycises™ Training & Talks Services**

We love to share what we have learnt about children's development in our combined 50 years of working with children. Since 2012 we have lectured around the UK and ran professional training to share knowledge, good practice, skills and strategies to improve children and young people's quality of life.

You can choose from a range of options including:

- Keynote speeches
- Workshops
- Lecture and training for healthcare professionals
- School INSET
- Local Education Authority and School based consultancy
- Parents/carers
- Early years settings
- Charities
- Any professionals or organisations working with children

Sessions are tailored to your specific needs and can include a practical and interactive element.

Choose from in-person or virtual sessions – we are comfortable using various online platforms.

### **Who are our talks and training suitable for?**

## **Feedback from delegates**

*"It was an excellent presentation the time flew by and I wanted to hear even more when it finished."*

*"A very helpful course packed with useful information and ideas that we could take back to work the next day."*

*"Amazed at how much it made me think about different aspects of child development."*

*"A great afternoon - good speakers, fun and informative at the same time."*

*"I really liked the practical session it was cleverly set out to give me an idea of what it's like to struggle in some areas as some of our children do."*

*"It gave us instant ideas and practical tips at how we look at and work with our children."*

*"I didn't realise how much of what we do in school depends on these foundation skills discussed."*

*"It was really helpful for me to be able to watch you do a Storycise, and bounce ideas from you."*

*"Thank you both for the amount of work you've both put into putting these ladders together - they're so interesting to read and make total sense in terms of a child's development and I know will make a massive impact on the whole school provision for our students."*
